

A Beginning to stop the end !

"Healthy Women = Healthy Society."

*"Every Home, Every Heart, Every Feeling, Every Moment of happiness is incomplete,
Only You Can Complete This World." Truly, Women is backbone of the house and society.*

*To nurture a physically and emotionally strong home and in turn nation, we need a healthy woman.
Keeping this in mind on occasion of international Women's Day, Alpha Diagnostics has taken the initiative
to have a comprehensive preventive health check up for the women of the society.*
